SOHO Pro™ P3000ND

30 inch Narrow/Deep Media Panel

primex
A CRH COMPANY

The Primex SOHO Pro™ P3000ND media panel (Narrow/Deep model) provides a centralized distribution point for the components and services that make today's homes smart.

In addition to the panel's flexible design, a selection of mounting systems makes this panel a convenient, secure, enclosure for installing and distributing broadband service inside the premise.

The Narrow/Deep model adds 1" of depth and reduces the frame width by 1" to allow for larger components, side by side mounting, and corner installation.

Also available in 21", 42", and 63" sizes.

FEATURES & BENEFITS

- Large internal space for installation of active, passive, and cable management components
- Adds 1" of depth; reduces by 1" width to allow for larger components, side by side mounting and corner installation.
- Standardized mounting hole pattern supports unique Primex Rail, Shelf, and Universal Mounting Systems for components.
- Multiple entry/exit knockouts on top and bottom support microduct and robust cable runs.
- Lightweight design allows for easy transport and installation.
- Optional Side Mount Clips (SMC) available for side mount installation in non-standard stud spacing.
- Optional key or hex locks available for enhanced security.
- ETL compliant and fire-retardancy tested for heightened safety and durability.

*Enclosures should not be mounted in a fire-rated wall.

Standard Frame

125-1073 Key Lock
125-1678 Hex Lock

Shelf Mounting System (SMS)

Narrow/Deep Frame
